

PROJECT MANAGER

Driving delivery across high-quality projects in Ireland & UK

ABOUT MGM PARTNERSHIP

MGM Partnership is a leading firm of Chartered Quantity Surveyors and Project Managers delivering projects across the residential, hospitality, commercial and industrial sectors throughout Ireland and the U.K. Based in Wexford and Dublin, the practice combines technical excellence with a pragmatic, client-focused approach to project delivery.

At MGM Partnership, we have cultivated a high-performing, team-oriented culture where collaboration, integrity and shared success are valued. With excellent staff retention, a strong sporting ethos and a commitment to personal and professional development, we provide an environment where people can build rewarding long-term careers.

Due to continued growth, we are seeking an experienced Project Manager to join our team and contribute to the delivery of high-profile developments.

THE ROLE

This is an opportunity for an ambitious Project Manager to take ownership of projects from inception through to completion, working closely with clients, design teams and contractors.

You will manage projects independently, supported by senior leadership, while gaining exposure to major developments across Ireland and the UK.

The role offers opportunities to manage large-scale projects typically while remaining based in the Wexford or Dublin office.

KEY RESPONSIBILITIES

- Lead and manage construction projects across all phases of delivery
- Act as the primary point of contact for clients and key stakeholders
- Coordinate multidisciplinary design teams and consultants
- Manage programme, cost, quality and risk throughout the project lifecycle
- Oversee procurement and contract administration processes
- Ensure delivery on time, within budget and to the highest standards

KEY REQUIREMENTS

- 5–7 years' experience in construction project management
- Proven ability to deliver projects independently from inception to completion
- Degree in Construction Management, Engineering, Quantity Surveying or similar
- Strong commercial awareness and delivery capability

- Contract Administration experience
- IT proficient
- Excellent communication and stakeholder management skills
- Chartered status (SCSI / RICS / CIOB or equivalent) desirable
- Full driving license with willingness to travel

WHAT WE OFFER

- Exposure to large-scale, high-profile projects across multiple sectors
- Opportunity to take real ownership of projects
- Career progression within a growing consultancy
- Direct access to senior leadership
- Competitive salary package (negotiable)
- Wexford or Dublin based role
